CAPABILITIES

Aiken Group's Accommodation Services provide turnkey packages onshore and offshore for:

- **Living quarters** - conceptual studies, front-end engineering design, detailed design, build, upgrade, modification and architectural refurbishment
- **Living quarters facilities plant and equipment** - laundry, galley, catering, mess and recreation areas, cold rooms
- **Plumbing, heating and mechanical works** - new and refurbished buildings
- **Individual purpose-built modules** - offices, workshops, utilities, process, laboratories, electrical control rooms
- **Facility management programmes** - operations and maintenance support, spare parts, maintenance labour
- **Onshore and offshore extension Projects**

Aiken Group is a single-source solution for all your living quarter and associated facilities needs.

Services also include the Aiken Group's modular accommodation system, Mod-u-link.
