## **MOD-U-LINK MODULAR ACCOMMODATION**

The Mod-u-link system of modules by Aiken Group is inherently functional, cost-effective, easy and quick to install and provides configuration options which are virtually limitless. The system's flexibility means it can be added to, removed, re-installed and modified to suit customers' specific requirements.

The versatile system can be readily customised to suit a wide variety of applications which include:

- **Cabin Modules**
- **Workshops**
- **Offices**
- **Laboratories**
- **Warehousing**
- **Recreation**
- **Plant Rooms**
- **Catering Facilities**

Aiken Group's recent design meets UK offshore regulations, as well as a wide variety of international standards and requirements.
